

George & Rita Arnold
 1430 Hwy 58 LeRoy, KS 66857
 Phone: 620-964-2463 or 2423
 e-mail: retail@arnoldsgreenhouse.com
 www.arnoldsgreenhouse.com

Located 4½ miles west of LeRoy on Hwy 58 (Note: Hwy 58 was named Hwy 57 prior to 2005).
 Or 7 miles south of Burlington on Hwy 75 and 1¼ miles east on Hwy 58.
 Or 14 miles north of Yates Center on Hwy 75 and 1¼ miles east on Hwy 58.

GARDEN CENTER HOURS:

Monday through Saturday, 9am until 5:30pm in March (we're happy to be open later by appointment in March, please just call! Thanks!).
 Monday through Saturday, 9am until 7pm in April and May.
 Monday through Saturday, 9am until 5pm in June, July, August, September, and October.
 Monday through Saturday, open by appointment in November through February.
 Always Closed on Sundays!

Openhouse: A Gardening Salebration: April 2nd through April 7th, 2018

**Please note: Because of cool spring temperatures, we aim to have most of our annuals ready around the first to mid part of April. Most annuals grown in 4.5 round pots and larger will be available during Openhouse, but varieties grown in 4 packs and jumbo 6 packs and heat loving annuals may not be ready yet. Most trees, shrubs, roses, and perennials should be available by early March. Thank you for your understanding!

**SPRING 2018
 RETAIL PLANT LIST**

2018 Prices

Prices listed are our planned prices for this year. Prices are subject to change.

- | | | |
|--|--|--|
| 4 pack \$2.99 | 4.5 Arnold's Logo white round pot \$4.99 | Clematis in a #1 round pot w/ trellis most are \$16.99 |

2018 Schedule of Events

Please e-mail retail@arnoldsgreenhouse.com and ask to be added to our e-mail newsletter mailing list to receive notice of more Events!

Magic Money

Earn Magic Money from March 1st through June 30th, 2018

We will begin issuing Magic Money on March 1st. You can accumulate Magic Money until June 30th. This is how Magic Money works: when you sign up to be in our Garden Club, we also enroll you into our Magic Money Loyalty Program! At the bottom of your receipts you will notice a "Magic Points Earned Today" and a "Magic Points Balance". For every 10 cents you spend from March through June, we give you one loyalty point. One hundred points equals one dollar in Magic Money. You can move the decimal point two places to the left on the "Magic Point Balance" total to see how many Magic Dollars you have accumulated. During Magic Days, you can match one Magic Dollar with one US Dollar to pay for your regular price purchases (essentially getting up to 50% off!). Additional Magic Money points cannot be earned during Magic Days. We will email you in July, August, and September, letting you know how many points you have to spend and when you can spend them! Please make sure we have your current email address so you receive notice of Magic Days!!

Openhouse: A Gardening Salebration

Monday, April 2nd through Saturday, April 7th, 2018!

During Openhouse: A Gardening Salebration, all in-stock merchandise is 10% off! We'll also have cookies and iced tea all week! Enter our drawing to win Arnold's Greenhouse gift cards!

**Please note: Because of cool spring temperatures, we aim to have most of our annuals ready around the first to mid part of April. There is a chance that not all of our annual plants will be available during Openhouse. Most all annuals grown in 4.5 round pots and larger will be available, but varieties grown in 4 packs and jumbo 6 packs and heat loving annuals may not be ready yet. Thank you for your understanding!

Magic Days- A wonderfully long redemption period!!

July 2nd through September 29th, 2018

Again this year, there's three whole months to spend your Magic Money!

Redeem your Magic Money during Magic Days! **We will e-mail you, letting you know how many Magic Points you have to spend, the first part of July, August, and September! Please note, Magic Money accumulated in 2018 is redeemable only during Magic Days in 2018. Any unredeemed Magic Money left after Magic Days is over is void. Magic Money can be redeemed on any instock, regular priced merchandise. (Magic Money may not be used for services, sale priced merchandise, or fresh produce.) Please make sure we have your current e-mail address so you receive notice of Magic Days!!

Together, We Can Help the Environment

Recycling Plastic Pots and Flats

We have always reused what pots and flats we can- washing them and disinfecting them before they are filled with new potting soil and replanted. And, many of our customers have kindly joined us in our recycling efforts by bringing in their empty pots. Previously we have only been able to reuse pots and flats that came from us. While we would prefer you do all your garden shopping with us :-), we can now accept any and all plastic pots and flats. Please empty your containers of excess soil (they do not need to be washed out), and then bring them in the next time you visit us. What we can't reuse we will donate to our local recycling center. Let's do our part to help the environment!

10 cents back for Cardboard Boxes

As mentioned above, we try to recycle when we can. When we receive shipments in cardboard boxes, we cut off the top and bottom of the box to use to put your plant purchase in at the checkout. However, we typically run out of these boxes early in the spring. Which means we must resort to buying cardboard boxes. We sincerely appreciate any boxes or flats you can bring with you for us to put your plant purchases in... it helps the environment, and helps us keep our costs down. As our thanks to you, we will deduct \$.10 from your purchase total for every cardboard box or container you bring to transport your plants home in (each box or container needs to measure 10" x 16" or larger to receive the reimbursement).

A Taste of the Tall Grass Prairie

We are once again offering a prairie plant selection of native grasses and wildflowers for you! Native plants thrive in their native environment, and they provide wildlife habitats, food, and nectar and pollen for pollinators.

Native plants will be available in individual pots this year. Please ask us for more information, including plant pictures and garden plans featuring the plants in the "Taste of the Tall Grass Prairie" collection!

A Great Opportunity Awaits!
Would You like to Own Arnold's Greenhouse?

After over 40 years owning and operating Arnold's Greenhouse, our family has decided that it is time to turn the business over to new owners, so that Arnold's Greenhouse can continue to bring smiles to gardeners for the next 40+ years!

Perhaps you or someone you know, who likes plants and loves to help people be successful in their gardening ventures, would enjoy owning Arnold's Greenhouse.

The sale includes all shares of stock in the business, all equipment, approximately 9 acres of land, including the white house, garden center, greenhouses, and outbuildings. It is a turnkey transaction, with mentoring from the Arnold's included.

We live only 1/4 mile from the garden center, and have no plans to move anywhere (though we have heard through the grapevine that we've already sold the business and are moving to Tahiti... wherever that is!). We began Arnold's Greenhouse as a hobby in 1977, and from that time forward, our family and staff have worked in and on building it into the successful business that it is. We look forward to mentoring and helping the new owners learn and grow in their new role.

Thank you,
George & Rita Arnold
Ph. 620-964-2463 or 2423

P.S. One thing that would really help the greenhouse to sell and continue for years to come, is your loyal patronage... so, please help us make it the best year ever! As you'll see on the next several pages, we have an amazing variety of homegrown plants awaiting a home in your garden!

Bump Up Pots

Do you want fabulously beautiful containers, but don't know which plants to combine to create a smashing success? Let us take the guess work out of creating cool plant combos... with the Bump Up Pot!

Bump Up Pots are already planted up with appealing combinations of plants- all you have to do is take them home, fill your patio container with potting soil, pop the rooted plant combination out of the Bump Up Pot, place the plant combination on top of the soil in your patio container, and then fill in around the inside edge of your patio container with more soil... and just like magic... You have a beautiful container that is stunningly beautiful AND looks like it has been planted for weeks!

Bump Up Pots are the perfect solution for sprucing up your front entrance in a matter of minutes or decorating your patio for a party! Feed the plants in your patio containers with Nature's Source Plant Food to keep them looking their finest all season long!

Feed Your Plants with Nature's Source Plant Food

Nature's Source is our fertilizer of choice. All of your plants at Arnold's Greenhouse have been fertilized every day with Nature's Source. We have selected Nature's Source because it is organic based, non-toxic, environmentally friendly, and it does not have excess salts (salts are hard on plant roots). Nature's Source is derived from soybean seeds (with a small amount of added nitrogen). Seeds contain everything a seedling needs in order to grow before it develops roots to take in nutrients. Therefore, Nature's Source contains just about everything your plants need to grow- all the macro nutrients (nitrogen-phosphorous-potassium, with a 10-4-3 analysis) as well as numerous micro nutrients, trace elements, and vitamins (Nature's Source does lack in Calcium, unfortunately). Nature's Source can be used on everything you grow- houseplants, flowers, vegetables, and fruits! Nature's Source is a foliar feed as well as a root feed, so when you water your plants and get the fertilizer solution on the foliage, your plants can take Nature's Source in through the foliage and immediately begin using the fertilizer.

Nature's Source is very easy to mix and use. We recommend using 1 Tablespoon of Nature's Source per gallon of water at least once a week, or every time you water your plants (your plants have been fed every day with Nature's Source while here at Arnold's Greenhouse). If your plants are needing an extra boost, you can use it at double the rate (2 Tablespoons per gallon of water), to in effect make it a 20-8-6 analysis. To easily apply Nature's Source, purchase a Hudson Self Mixing Hose End Sprayer- just pour undiluted Nature's Source into the bottle, set the calibration at 1 Tablespoon per gallon of water, attach the sprayer to your garden hose, and start watering your plants!

All of our plants have been fed with Nature's Source since they were tiny plants, so if you want your plants to continue to look as good as they do now, please continue to fertilize your plants with Nature's Source!

Plant Availability

This plant list lists all of the plants we plan to have available this spring, along with the price(s) of each. Please note, not all plants will be available at the same time, but we believe all will be available sometime during the spring. We do not maintain an on-line availability list; however, if you would like to know if a certain item is available, please call us! We grow our plants in limited numbers, attempting to match availability to the demand. Inevitably, we fail. To get the best selection, we suggest you shop for your plants early in their availability season.

We open for the spring on March 1st. March is a wonderful time to plant perennials as it gives the perennials a chance to get established before summer weather arrives. Many of our perennials have been hardened off (acclimated to the cold weather) by the time we open in March. Because we grow nearly all of our own perennials, the best selection of perennials is in early March. However, we have a great selection of perennials all spring, although we might be sold out of a few varieties in April and May.

We grow some of our own shrubs, but the majority of our trees and shrubs arrive by mid March. Berries are often available by the first of March. Fruit trees are often available by mid March. Strawberries and Rhubarb are available by mid to late March.

We grow all of our own roses. Roses are available beginning in March, but it is best to wait until at least the very end of March to purchase them, as they will be leafed out by then. Roses purchased in early March (before they are leafed out) will need to be misted several times a day to encourage them to continue to leaf out.

We grow all of our own herbs. Perennial herbs are available by March first. Most annual herbs are available by the first part of April.

We grow all of our own vegetables. Cool season vegetables (Broccoli, Brussels Sprouts, Cabbage, Cauliflower, Leeks, Lettuce, and Swiss Chard) are available the first of March. Asparagus crowns, Seed Potatoes, and Onion Sets are available in early March. Onion Plants are available by mid March. Tomatoes and Peppers are available by mid April, sometimes by early April. Vine Crops (Cantaloupe, Cucumbers, Pumpkins, Squash, and Watermelon) require warm soil, and thus are not available until the end of April. Sweet Potato plants are generally available by the first of May.

We grow all of our own annuals. Most annuals are frost sensitive and should not be planted out until the danger of frost is minimal (the last average frost date in southeast Kansas is mid April). Cool season annuals, such as Pansies and Osteospermums, are ready in March. Annuals that can tolerate a bit of cold and a light frost are usually ready by the first part of April. The rest of the annuals are ready by mid April. Should a frost be predicted after you have planted your annuals, they can usually be protected from the frost by covering them with a sheet or blanket. If frost is predicted and the annuals are planted in a container or hanging basket, bring the container or hanging basket inside for the night.

Hardy aquatic plants, floating plants, and submerged plants are usually available by mid April. Tropical aquatic plants are usually available by the first part of May.

Spring blooming bulbs and fall mums and asters are usually available by Labor Day and until the end of October.

****The 'available by' dates should be used as a guide only.**** With our huge selection of plants, we will have a nice selection all of the time, but we will not have all 2,500 varieties of plants available on the exact same date. Please use the guidelines above to select the best times to come shop for your favorite plants. Our best selection of plants will always be in the spring, with about 80% to 90% of the varieties of plants also being available in the summer and fall months. If you are coming for a particular plant, please call to make sure we have the plant you are wanting available. Thanks!

Caring for Your Plants Before You Plant Them

DURING THE SPRING AND FALL

By early to mid March, most of all of our perennials have been acclimated to the cold temperatures (i.e. "hardened off"). If you are unable to plant your trees, shrubs, and perennials right away and the temperatures are above freezing, please place them outside in a sunny area out of the wind. If the temperatures fall below freezing, please place them indoors in a very sunny window. Even when hardened off, some perennials are sensitive to frost and may show leaf damage if they are frosted; however, in nearly all cases, the plants will put forth new growth from the crown.

Most all annuals are sensitive to frost. The last average frost for southeast Kansas is in mid April. If you have planted your annuals outside and a frost is forecasted, we suggest covering your annual flowers and vegetables with a blanket or sheet- anything to keep the frost off of the plants.

If you purchase your annual plants before the weather is warm enough to plant them, they should be placed indoors near a very sunny window and kept watered and fertilized. They can be placed outside in their pots as long as it is above freezing.

Your plants should be watered when the potting soil is just starting to get dry, generally every day or every other day. We also recommend you fertilize your plants with Daniels Plant Food every time you water, or at least once a week.

DURING THE SUMMER

Put your plants in a semi-shaded place out of the hot afternoon sun, such as under a shade tree or on the north side of a building. Everyday, water your plants until water runs out the bottom of the pots. Use Daniels Plant Food every time you water, or at least once a week. Plant your plants as soon as possible.

Traveling with Your Plants

If possible, please use an enclosed vehicle to transport your plants. Plants being transported in an open truck need protection, so please bring an old sheet or tarp to shield your plants from heat, cold, and especially the wind. Please do not leave your plants enclosed in a hot vehicle.

Our One Year Guarantee for most Trees and Shrubs

We guarantee our trees and shrubs to be true to name and free of disease at the time of purchase. Our responsibility is to provide you with healthy plants that are true to name. Your responsibility is to care for them after purchase. If, after proper planting and care, any guaranteed woody plant that you buy from Arnold's Greenhouse fails to grow, we will refund the purchase price for the period of one year from the date of purchase. We cannot be held liable for any amount greater than the purchase price. Since we have no control over the climatic events and conditions in your area, we cannot be held liable for plants damaged due to animals, vandalism, neglect, frost, freezing temperatures, or any other mechanical or natural event.

Trees, Shrubs, Conifers, and Berries listed in the current Arnold's Greenhouse Plant Wishbook & Garden Guide as being hardy to zone 5 or colder are included in this guarantee. Azaleas, Rhododendrons, Roses, Japanese Maples, Fruiting and Flowering Cherries, Dogwood (Cornus) trees, and woody plants listed as only being hardy to zone 6 or warmer in the current Arnold's Greenhouse Plant Wishbook & Garden Guide (even if the plant was planted in a zone 6 garden) are not included in this guarantee.

Your gardening success will be greatly enhanced by planting your plants in the desired sunlight and soil conditions, using MYKE at the time of planting, amending your soil beyond the planting hole, mulching, watering, and fertilizing. It is VERY important to not plant trees too deeply (find the root flare), and to not mound up mulch around the tree trunk (2" to 3" of mulch is sufficient, keeping it an inch or two away from the trunk). A tree and shrub planting guide is available at the check out.

To expedite guarantee returns, please present your dated receipt and the plant.

Our Extended Five Year Guarantee for most Trees & Shrubs

Extend our One Year Guarantee on most trees and shrubs (*trees and shrubs listed in our catalog as only being hardy to zone 6, Roses, Japanese Maples, Fruiting and Flowering Cherries, Blueberries, Azaleas, and Rhododendrons are not included in our guarantee) to a full five year guarantee with the purchase and use of Tree and Shrub MYKE, a beneficial mycorrhizae! A 20 year world wide study has shown that mycorrhizae enhances root development and doubles the plant's uptake of water and nutrients, thus enhancing plant establishment and causing your plants to grow faster.

**There are a few plants that MYKE will not colonize, such as Blueberries, Azaleas, and Rhododendrons. MYKE will not hurt these plants, but it will not help them either. The Five Year Guarantee does not cover woody plants that are not colonized by MYKE.

To receive your Five Year Guarantee, the appropriate amount of Tree & Shrub MYKE must be purchased on the same receipt as you purchase your trees and shrubs.

To expedite guarantee returns, please present your dated receipt and the plant.

Our Guarantee for all other plants

We guarantee our plants to be true to name and free of disease at the time of purchase. Our responsibility is to provide you with healthy plants that are true to name. Your responsibility is to care for them after purchase. If we fail in providing healthy plants, please let us know within 1 week of purchase, and we will refund the purchase price. We cannot be held liable for any amount greater than the purchase price. Since we have no control over the climatic events and conditions in your area, we cannot be held liable for plants damaged due to animals, vandalism, neglect, frost, freezing temperatures, or any other mechanical or natural event.

Your gardening success will be greatly enhanced by planting your plants in the desired sunlight and soil conditions, using MYKE at the time of planting, amending your soil, mulching, watering, and fertilizing. We have tip sheets available in the garden center for various plants. K-State also has wonderful planting guides available online.

Perennials (Perennials come back year after year)

Fruit and Nut Trees, Small Fruits, and Deciduous Ornamental Trees

Variety	Price and Size
FRUIT TREES	
APPLE TREES- Golden/Yellow Delicious is self pollinating, as is the 5-N-1 Combination apple. All other varieties need a different variety that blooms at the same time for pollination. All of the apples on this list will pollinate each other. If you are choosing any variety besides Golden/Yellow Delicious or the 3-N-1 Combination, you will need to choose another variety for cross pollination. Semi Dwarf (SD) trees grow 12'-15' tall and wide.	
3-N-1 Combo SD	#7 pot \$89.99 (3 of the following varieties are grafted on each tree: 'Fuji', 'Gala', 'Golden Delicious', and 'Granny Smith'.)
Gala SD	#7 pot \$69.99
Golden Delicious (Yellow Delicious) SD	#5 pot \$54.99
Golden Sentinel Columnar SD	#7 pot \$69.99
Haralson SD	#7 pot \$69.99
Haralson SD	#5 pot \$54.99
Honeycrisp SD	#7 pot \$69.99
Red Delicious SD	#7 pot \$69.99
Red Macintosh SD	#7 pot \$69.99
Scarlet Sentinel Columnar SD	#7 pot \$69.99
Sweet Sixteen SD	#7 pot \$69.99
CHERRY, BUSH FORM <i>Cherries are not warranted.</i> Bush cherries are a cross between sweet and sour cherries. They are self pollinating and are grown on their own root. 6.5' tall x 6' wide.	
Carmine Jewel Shrub form	#5 pot \$42.99
Romeo Shrub form	#5 pot \$42.99
CHERRY TREES, SOUR <i>Cherries are not warranted.</i> Sour cherries are self pollinating. They will not pollinate Sweet cherry trees. Standard (S) height trees grow 12'-20' tall and wide.	
Montmorency S	#7 pot \$69.99
CHERRY TREES, SWEET <i>Cherries are not warranted.</i> 'Stella' is self pollinating, though it will bear heavier when cross pollinated by another sweet cherry variety. All other varieties need another sweet cherry variety for pollination. Standard (S) height trees grow 12'-20' tall and wide.	
3-N-1 S	#7 pot \$79.99 (3 of the following varieties are grafted on each tree: 'Black Tartarian', 'Bing', 'Lapins', and 'Van'.)
Bing S	#7 pot \$69.99
Black Tartarian S	#7 pot \$69.99
Lapins S	#7 pot \$69.99
Stella S	#7 pot \$69.99
PAWPAW TREES- plant at least 2 varieties for pollination. These varieties are all grafted.	
Mango	#3 pot \$69.99
Pennsylvania Gold	#3 pot \$69.99
Susquehanna	#3 pot \$69.99
Wells	#3 pot \$69.99
PEACH TREES- self pollinating Standard (S) height trees grow 18'-20' tall and wide. Semi Dwarf (SD) trees grow 12'-15' tall and wide.	
Contender S	#7 pot \$69.99
Elberta SD	#7 pot \$69.99
Frost S	#7 pot \$69.99
Polly SD	#7 pot \$69.99
Reliance SD	#5 pot \$59.99
Reliance SD	#7 pot \$69.99
Snow Beauty (white) S	#7 pot \$74.99
PEAR TREES- 'Kieffer' is self pollinating, though it will bear heavier when cross pollinated by another variety. All other varieties need another variety for pollination. Standard (S) height trees grow 15'-25' tall and wide. Semi Dwarf (SD) trees grow 12'-15' tall and wide.	
D'Anjou SD	#7 pot \$69.99
Kieffer S	#5 pot \$54.99
Luscious S	#5 pot \$54.99
Summercrisp SD	#7 pot \$69.99

Variety	Price and Size
PLUM TREES- The varieties we are offering are self pollinating, though they will bear much heavier when cross pollinated by another variety of their same type (either European or Japanese). Standard (S) height trees grow 18'-25' tall and wide. Semi Dwarf (SD) trees grow 12'-15' tall and wide.	
Italian SD	#7 pot \$69.99
Santa Rosa S	#10 pot \$109.99
Santa Rosa S	#5 pot \$54.99
Satsuma S	#7 pot \$69.99
Stanley SD	#7 pot \$69.99
PLUOT/PLUMCOT TREES (Cross of a plum and an apricot). <i>Pluots/Plumcots are not warranted.</i> Our varieties of Pluots/Plumcots need to be cross pollinated by Plum 'Santa Rosa'. Standard (S) height trees grow 15'-20' tall and wide.	
Flavor King SD	#7 pot \$84.99
NUT TREES	
PECAN TREES (Carya)- plant at least 2 different varieties for pollination.	
Colby (grafted)	#3 pot \$62.99
Kanza (grafted)	#3 pot \$62.99
Lakota (grafted)	#3 pot \$62.99
Pawnee (grafted)	#7 pot \$74.99
Pawnee (grafted)	#3 pot \$62.99
SMALL FRUITS	
BLACKBERRIES- self pollinating Thornless Triple Crown #3 pot \$19.99	
BLUEBERRIES- self pollinating, but will bear much heavier when 2 or more varieties are planted.	
Bluecrop	#3 pot \$23.99
Duke	#3 pot \$23.99
Jelly Bean BrazelBerries	#2 pot \$36.99
Patriot	#3 pot \$23.99
CURRENTS- self pollinating	
Cherry	#1 pot \$17.99
Crandall	#3 pot \$17.99
FIG (Not Winter Hardy!)- self pollinating	
Brown Turkey	#5 pot \$69.99
Chicago Hardy	#1 pot \$16.99
Corky's Honey Delight	#5 pot \$69.99
GOJI BERRY- self pollinating	
Big Lifeberry	#1 PW pot \$18.99
GOOSEBERRIES- self pollinating	
Captivator	#2 pot \$18.99
GRAPES- self pollinating	
Canadice Seedless	#2 pot \$24.99
Catawba (Wine grape)	#1 pot \$18.99
Concord Seedless	#3 pot \$18.99
Himrod Seedless	#3 pot \$18.99
Reliance Seedless	#2 pot \$24.99
HASKAP BERRY- plant at least 2 different varieties for pollination.	
Sugar Mountain Blue	#1 PW pot \$18.99
Sugar Mountain Eisbar	#1 PW pot \$18.99
Sugar Mountain Kalinka	#1 PW pot \$18.99
KIWI- plant at least 1 male and 1 female. Up to 6 females can be planted by 1 male.	
arguta- Female	#1 pot \$24.99
arguta- Male	#1 pot \$24.99
RASPBERRIES- self pollinating	
Canby Thornless	#1 pot \$19.99
Fall Gold	#1 pot \$16.99
Heritage	#1 pot \$16.99
Latham	#1 pot \$16.99
Vintage	#1 pot \$16.99
RHUBARB- no pollination needed.	
Crimson Cherry	#1 pot \$12.99
Crimson Cherry	4.5 rnd Logo/Bk \$4.99
STRAWBERRIES- self pollinating	
Allstar (June bearing)	Bk Jumbo 6 pk \$5.99
Cavendish (June bearing)	Bk Jumbo 6 pk \$5.99
Earliglow (June bearing)	Bk Jumbo 6 pk \$5.99
Galletta (June bearing)	Bk Jumbo 6 pk \$5.99
Albion (everbearing; day neutral)	Bk Jumbo 6 pk \$5.99
Seascape (everbearing; day neutral)	Bk J 6 pk \$5.99

Aquatic Plants

Variety	Price and Size	Variety	Price and Size
AQUATIC PLANTS			
HARDY WATER LILIES		Aquatic plants in 3.5 square pots, 4.5 round pots, and 2 quart pots are also part of our selection of annuals and perennials for the garden. They will need to have the soilless potting mix washed off of their roots and then planted in top soil before they are placed in your water garden. If they are not planted in top soil first, the soilless mix (bark, vermiculite, perlite, and peat) will float to the surface of the water! Top off the pots with washed pea gravel to keep the top soil from clouding your water.	
<i>(All hardy lilies are day blooming.)</i>			
Red	10.0 pot \$34.99		
Yellow	10.0 pot \$34.99

Gardening Class Schedule Spring 2018

We invite you to join us for a fun-filled class, or several, this spring! We are grateful for our great staff of presenters as well as the wonderful presenters who come from miles away to teach new gardening techniques or new gardening crafts! Whether you want to get your hands “dirty” in a planting class, or if you want to learn how to grow the best plants for our climate, we are sure you will be delighted with the outcome of any class you take here this spring! Welcome to Arnold’s Greenhouse and we look forward to seeing you soon!

- ☞ If you provide your e-mail address, we’ll happily e-mail you a confirmation of your class registration.
- ☞ Class Refund: If you cannot attend a class, please notify us by phone or e-mail as soon as possible, so that we may offer your seat to someone else. Refunds will be in the form of Arnold’s Greenhouse gift cards (unless you prefer otherwise).
- ☞ Classes take place in the Conference Room in the Garden Center, unless noted otherwise.
- ☞ In most cases, classes will be canceled if less than 6 people have signed up for the class. Should a class be canceled, we do sincerely apologize, and we will call you at least one day before the class to notify you of the cancellation, and a full refund for the class will be mailed to you.
- ☞ If you would like to request a class, teach a class, or have any questions about Gardening Classes, please contact Darlita Jelinek at 620-964-2463 or 2423, or e-mail at retail@arnoldsgreenhouse.com

Saturday, March 24, 2pm: **Succulent Wicker Table Wreath** Using a 15” wicker wreath planter and a selection of succulent plants, you’ll create a simply stunning succulent wreath! The design of the wicker wreath allows about 1/3 of the circumference to be planted, creating an artistic balance of wicker wreath and lush succulents. Your succulent wreath will be at home on a table, or other flat surface, in a sunny area! We recommend that you wear gardening clothing for this class. This class will be held in the retractable roof greenhouse, so please be prepared for possible cool temperatures during the class.
Class time: Approx. 1 to 2 hours. Class is limited to 10 participants. Cost: 40.00 which includes the wicker wreath, soil, and a selection of succulent plants.

Saturday, March 31, 2pm: **Sedum Wine Bottle** Using a prepared, cut wine bottle and a selection of sedums, you’ll create a unique conversation piece! Your sedum wine bottle will be at home on a table, or other flat surface, in a sunny area! We recommend that you wear gardening clothing for this class. This class will be held in the retractable roof greenhouse, so please be prepared for possible cool temperatures during the class.
Class time: Approx. 1 to 2 hours. Class is limited to 15 participants. Cost: 25.00 which includes the prepared wine bottle, soil, and a selection of sedum plants.

Saturday, April 14, 10am: **Using Herbs to Attract Bees, Butterflies, and Birds to Your Yard**, Presented by Lisa LaRue, Sedgwick County Master Gardener, President of the Herb Society of South Central Kansas and member of the Herb Society of America. Join Lisa and learn what herbs and flowers to plant in your yard to help out our beneficial insects and birds. Learn which plants are nectar sources and which plants will host the caterpillars.
Class time: Approx. 1 hour. Cost: 5.00

**Attend this class and learn all about herbs, then join us for the Herb Hanging Basket class (in the afternoon, see below) and plant up a basket full of some of the herbs you just learned about!

Saturday, April 14, 1pm: **Growing and Summer Cooking with Fresh Herbs**, Presented by Lisa LaRue, Sedgwick County Master Gardener, President of the Herb Society of South Central Kansas and member of the Herb Society of America. Herbs can add flavor, zip, and spice to all kinds of dishes! Join Lisa and learn what herbs to grow in your garden or containers, and how to use them fresh with summer dishes and grilling!

Class time: Approx. 1 hour. Cost: 5.00

**Attend this class and learn all about herbs, then join us for the Herb Hanging Basket class (in the afternoon, see below) and plant up a basket full of some of the herbs you just learned about!

Saturday, April 14, 2:30pm: **Herb Hanging Basket** Using a selection of culinary herbs, you will plant up a gorgeous 14" basket! We will have a selection of "recipes" that you can choose from to create a savory basket that will keep you supplied with some of your favorite kitchen herbs all summer long! Your basket will be ready for you to take home with you. It will need to be hung in a sunny spot outdoors (protect from frost). We recommend that you wear gardening clothing for this class. This class will be held in the retractable roof greenhouse, so please be prepared for possible cool temperatures during the class.

Class time: Approx. 1 hour. This class is limited to 20 people. Cost: 45.00 which includes all materials (the basket, soil, MYKE, Hydrostretch, Proven Winner's Time Release Fertilizer, and a selection of four herb plants).

Saturday, April 21, 2 pm: **Enchanted Container Garden** Invite a wonderful fairy, gnome, or dinosaur to your garden! In this fun class, you'll create your own enchanted container garden. We will have a selection of miniature plants, fairies, gnomes, dinosaurs, fairy houses, and all the fine accessories so you can create a miniature haven! We recommend that you wear gardening clothing for this class. This class will be held in the retractable roof greenhouse, so please be prepared for possible cool temperatures during the class.

Class time: Approx. 1 to 2 hours. Cost: 8.00 for the potting soil, MYKE, Hydrostretch, Proven Winner's Time Release Fertilizer, and pea gravel. The container, plants, fairies, gnomes, dinosaurs, houses, and accessories are not included in the class fee, and will be available for purchase during the class. If you would like to bring your own clean & sterilized planting container from home to use, you are welcome to do so. We recommend a container at least 12" wide and at least 6" deep. If you have a tiny treasure from home that you would like to include, please bring it with you.

Saturday, April 28, 2 pm: **Succulent Tower** Using two different sized dark basalt terracotta containers, you'll create a two-tiered succulent tower! Succulent plants are tough, durable, and drought-tolerant... perfect for this unique container planting! We'll top off your planted tower with some contrasting stones and pebbles! Depending on the outdoor temperatures, your creation may need a sunny spot inside your home until chance of frost is past. By the end of April, it should be safe to place it in a sunny spot outdoors to enjoy all summer long! We recommend that you wear gardening clothing for this class. This class will be held in the retractable roof greenhouse.

Class time: 1 to 2 hours. This class is limited to 12 people. Cost: 45.00 which includes the containers, soil, a selection of succulents, and stones and pebbles.

Saturday, May 5, 2pm: **Succulent Birdcage** Unleash your creativity and make a one of a kind birdcage of succulent plants! Succulents are easy to care for (much easier than a bird!), and will flourish in this decorative birdcage! You can display your birdcage on a table or bench, or hang it from a hook in a sunny spot (protect from frost). Please plan to bring your succulent birdcage indoors to enjoy for the winter! We recommend that you wear gardening clothing for this class. This class will be held in the retractable roof greenhouse, so please be prepared for possible cool temperatures during the class.

Class time: Approx 1 hour. This class is limited to 12 people. Cost: 45.00, which includes all the materials.

Plant Your Own Patio Containers! Our Potting Bench is available for you to use in planting up new containers purchased this spring at Arnold's Greenhouse! We're glad to help you in selecting your plants, choosing from our selection of winning Thrillers, Chillers, Fillers, and Spillers, to create a combination sure to be a smashing success! We have our favorite potting soil, tubs of MYKE, Hydrostretch, and Proven Winners Time Release Plant Food available for you to use- no need to guess how much soil, etc. to purchase, as you'll be able to purchase and use just exactly the amount you need! We're also delighted to plant your new containers for you (as time allows, sometimes planting will need to take place a day or two later). The Potting Bench is available anytime it is not being used for a class.

We're always looking for new ideas for fun classes!

Please email Darlita at retail@arnoldsgreenhouse.com with any ideas or suggestions you have for classes for another year!

If you are interested in teaching a class or know of someone who might be, we'd be thrilled to hear!

Thanks so much!

Class Registration Form *(for each participant)*

Please register for the gardening classes at least 2 weeks in advance of the class. Many of the classes fill up quickly.

Please register by mail and include payment.

****To register for more than one person, please make photo copies of this form, or write the information for additional people on another sheet of paper. Thank you!****

Name: _____ Day Ph. Number: (____) _____

Address: _____ Evening Ph Number: (____) _____
